

Seasonal Site Q & A

Can I have a Deck?

Yes! In our efforts to have a cleaner, more uniform look throughout the Campground. We have designed a modular deck that looks nice in style, well built and can easily be moved if required. Please, inquire at the office for more information, pricing, or to obtain a deck plan permit to build yourself and we will help to determine the best configuration for the site.

Our decks are made here & within our Campground Guidelines. The deck is approximately 6 ft X 12 ft and you may have the option of 1 or 2 additional deck sections depending on the size of the site.

Can I build up an existing firepit?

Yes, we love to see firepits looking nice! Inquire at the office before starting any project. You may use your own firepit ring as long as it isn't over the size requirements!

Nothing can be attached to trees! Inquire for ways to hang lights on the site before doing so. *A clothes line is **not permitted** - for safety issues*

Can I have a rock or flower garden?

Yes, this adds beauty to the site and is a nice way to personalize. You will need permission from Management before starting any project. *Note: All rock gardens, flower gardens, plants or shrubs must be left when you vacate the site.

If you currently have flower beds on your site, please keep them well maintained!
